Dear Admiral Hillenkoetter:

Reference is made to correspondence between this Service and the Central Intelligence Agency in connection with the entry of aliens into the United States under section 8 of the Central Intelligence Agency Act of 1949. Under date of October 24, 1949, you informed me that the procedures which have been worked out are satisfactory to the Central Intelligence Agency.

This Service would appreciate receiving assurance from your Agency that adequate arrangements will be made to insure that any alien admitted to the United States under section 8 of the Central Intelligence Agency Act of 1949 does not endanger the internal security of the United States during the alien's exploitation by the Central Intelligence Agency. This matter has been informally discussed with [REDACTED] of your Agency, and he is aware of the assurances that this Service would appreciate receiving in this matter.

It is, therefore, respectfully requested that you inform this Service of the steps your Agency is prepared to take to avert any possible danger to the internal security of the United States in connection with the admission of any alien under section 8 of the Central Intelligence Agency Act of 1949, particularly while the alien is being exploited in the United States by your Agency.
